Hi, I'm Jacob Hammond.

I'm a Multimedia Designer.

CV

I am a creative, fast thinking and passionate individual. I pair my keen interest in many forms of digital design with my knowledge of website design and development to create intuitive and beautiful user experiences. I'm an all-rounder with skills in web design, development, graphic design, 3D design, photography and production.

Experience

May 2011 - Present

Precise Pixels
Co-Founder / Designer

I am co-founder/designer of Precise Pixels. We are a freelance web design company. We also provide graphic design, photography and 3D modeling / animation services. Clients include restaurants, charities, a catering company and a Press Website.

July 2012 - July 2013

The Walt Disney Company
Design & Production Intern, Disney Interactive

I worked with and for the content producers and the lead designer to maintain, update, produce, develop and create content for Disney.co.uk and all websites that branch from it. I had to use many different types of software and Content Management Systems such as Disney's in-house Pluto and PTK to help design, produce, develop and maintain the websites to Disney's strict brand and legal guidelines.

Feb 2011 - May 2012

People United
Web Consultant

I helped design, develop and manage the charities online presence, in terms of its personal website and social media, including training users on web maintenance. Other tasks included marketing design and photography. I also helped out with their office hardware and software.

Sep 2010 - July 2012

BayBuk
Director of Graphics

I was responsible for the overall design of the website, design of marketing material and brand design. I had to manage the design team and working with the media, programming and marketing departments.

Education

I expect to graduate with a DISTINCTION (1st)

Skills

I have acquired a wide range of skills in many different types of design.

⌨ Website Design & Development	🔧 **Tools**	</> **Languages**
📄 Graphic Design	Adobe Master Collection CS6	HTML5
💧 Digital Art	Sublime Text	CSS3
📦 3D Design	Git / GitHub	Javascript & jQuery
📱 Mobile App Design	Autodesk 3DS Max	SASS / Compass
📷 Photography	Microsoft Visual Studio	PHP
📤 Website Production	Eclipse	ActionScript 3.0
	Wordpress	Java & Android SDK
	Nikon DSLR	XML, XSLT, XML Schema

Interests

Technology & Design

I love to keep up to date with new technology, reading about the latest hardware and software on websites and blogs dedicated to the subject. I am always reading up on new design trends, trauling through interesting blog posts or simply reading tutorials to help improve my abilities.

Other

I like to cook every day at home. Learning to cook from an early age has helped me find it relaxing and enjoyable as well as being useful. I also enjoy history, photography, football, typography, music and socialising.
